Flowers are meant to bring joy to you and your guest, so naturally the price of flowers shouldn't have you wishing you don't need them. That's one of the reasons we like keeping our pricing totally transparent. Our flowers are rentals, so what you're paying for is: two rounds of revisions for your custom arrangements, drop off to your event space, set up and touch ups, and day-after pick up. No matter the event, our prices stay the same because beautiful flowers should be accessible to everyone.

Petite / ~10 inches / Centerpiece \$20 / Bouquet \$40

Small, but mighty, this more tightly designed arrangement is perfect for smaller venues, on cocktail tables or perhaps as an accent on a bar. Pair **Petite** centerpieces with **Lush** and **Verdant** centerpieces to create a dynamic display on a longer table.

Lush / ~14 inches / Centerpiece \$40 / Bridal Bouquet \$60

The perfect middle ground between subtle and extravagant, our **Lush** tier offers a classic yet eye-catching centerpiece or bouquet. It creates the perfect amount of texture with lush blooms and foliage on traditional round or square tables.

Verdant / ~18 inches / Centerpiece \$60 / Bridal Bouquet \$80

Overgrown, cascading greenery. Wild, yet composed like the flowers in paintings by the Dutch Masters. Our **Verdant** centerpieces are a perfect focal points on long, rectangular tables, but create dramatic moments on traditional tables.

We'll work with you to select the right vessel for your centerpieces, typically something made of metal, wood, or glass, never plastic. Additionally, all our options can be mixed and matched per your needs.

Accessories

Small floral accessories are also available for rental and will be coordinated with the aesthetic of your bridal bouquet and centerpieces.

Bridal Party Bouquet \$30

Boutonnière \$5

Corsage \$15

Custom Arrangements

Do you have something ultra-specific in mind? Do you envision a lush wreath, a floral chandelier cascading with ferns and berries? We'd love to bring your vision to life at a price that works for you!
